WHARF AND WAVE.

The new American four-masted schooner C. S. Holmes, Captain J. Johnson, arrived Sunday morning, twenty-three days from Port Townsend, bringing 600,000 feet of lumber for Allen & Robsinson. The captain said that he had rough weather during the first week out, but thence had light N. E. trades. The Holmes is a new schooner, being launched from the ship-building yard of the Hall Bros. Port Blakely, Wash., on August 26th last, and this is her first voyage. Her dimensions are: Length over all, 175 feet; beam, 37 feet; and depth 11 feet; tonnage, 409 tons register. The Holmes is built for the lumber trade between Puget Sound and southern ports along the Pacific coast, such as San Pedro, Santa Barbara, etc. The captain is accompanied by his wife on this

The American bark Matilda, Captain O. Swenson, was docked at the Mail wharf on Sunday with 1300 tons of Departure bay coal for Allen & Robinson. She came down UNION FEED CO. L'D. in thirty days and reported having Am bk Kilkitat Pt Tow's ad Nov 10 | had quite heavy gales during the

first week after leaving Nanaimo, B.C., thence had fine weather for weeks. During last Saturday the Matilda came across a school of sharks in the channel between Molokai and this island. The crew succeeded in killing ten sharks, several of them being over ten feet long. They were of the man-eater variety. All except one were thrown overboard sgain after the fins were cut off. The crew were greatly surprised yesterday when informed that a ten-foot shark, if sold to Chinese and Japanese at the fish market, would bring ten or fifteen dollars. They now wish they had saved the sharks instead of throwing them overboard as they did.

James Brook, a young man of this place, was taken seriously ill with cholera morbus and thought to be bel yond relief. We sent him a smalbottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which promptly cured him. He says he believes he would have died, had it not been for this remedy.
